Pipe support elements – hangers

Information within brackets ([...]) in this document refers to local regulations.

Scope

This standard provides recommendations on hangers used for pipe anchorages, supports and guides made in accordance with SSG 7005E.

For recommendations on hangers included in systems, refer to SSG 7026E.

Changes since the previous edition

This edition differs from the previous edition in that:

- A clarification on maximum loads has been added as a footnote under section 4.3 – “Dimensions”.
- In the figures and “Table 1”, "G" has been changed to "M".
- The standard has been updated in accordance with the current template for SSG standards.
