# Pipe support elements – bottom part of flexible support

Information within brackets ([...]) in this document refers to local regulations.

## Scope

This standard provides recommendations for bottom parts, which are used as flexible supports made in accordance with SSG 7005E – type 31.

## Changes since the previous edition

This edition differs from the previous edition in that:

- The manufacturing requirements now referer to the entire chapter 4 in SSG 7000E.
- "Fig. 1" has been adapted for Dk11–90.
- "Fig. 2" has been added for Dk104–1219.
- Clarifying text on welding has been added in "Table 1".
- Values in the column "Intended for Dy " in "Table 1" has been updated for Dk 711–1219.
