

Pipe support elements – bottom plate for pipe bend support

Information within brackets ([...]) in this document refers to local regulations.

Scope

This standard provides recommendations for bottom parts, which are used as flexible supports made in accordance with [SSG 7178E](#).

Changes since the previous edition

This edition differs from the previous edition in that:

- Dimension D was 165 mm for No.3 in “Table 1”
- The standard has been updated in accordance with the current template for SSG standards.
